

NEW!

GRIDPRO®

COMBINATION PLATES & ILLUMINATED MODULES

A SMART, MODERN, SECURE AND ACCURATE SOLUTION

New Media™ Key Card module with 2 x GridPro® Switch Modules with Neon

2 x GridPro® illuminated modules

In this solution the occupier of the room will have an internal switch, furnished with etched neon indicator modules that they can switch on or off...

...this will illuminate the corresponding module located outside of the room, making staff aware of your room requirements.

ACCESSORY PLATES

1 New Media™ twin euro module aperture with 2 GridPro® apertures

Our NEW versatile GridPro® plate can be populated to perform multiple tasks using a combination of both GridPro® and New Media™ Modules.

ILLUMINATED BLANK MODULES

Available in both red and green

Our NEW Modules are ideal for use with the above accessory plate and our laser etching service to create bespoke solutions.

2 New Media™ USB modules with 2 x GridPro® Switch Modules

MULTIPLE VARIATIONS & USES

new media™
